#### WILLIAM H. PAGE BOILER CO.

Will Retain Shipping Plant in this City With About \$50,000 Worth of Stock-Property Secured and Two-Story Building Will Be Erected-Industrial Plant for Old Site.

The committee on new industries recently appointed by the Board of Trade—which includes Lewis R. Church, chairman, John McWilliams, Grosvenor Els, John Porteous, R. C. Plaut, F. W. Browning, Avery C. Smith, Horatio Bigelow, A. J. Dawley and Willis Austine Have made, an excellent start in their endeavor to obtain new industries by the efforts to induce the W. H. Page Boller company to remain in this city, in which they have been successful. R. C. Plaut deserves much credit for his unitring efforts, while H. B. Davenport has also done an indeterminable amount of work to aid the committee. Mir. Plaut has been hustiling for a number of days to obtain a sultable site whereon to erect a large building for a storehouse for the company here, and on Wednesday he succeeded in obtaining the land desired in Greenevilla, on the line of the New Haven road. It is bounded by Erin and White streets and owned by Micholas Walsh. The deed for this property will be passed immediately and the company will hegin the construction of a large warshouse at once.

Too much credit cannot be given this committee for its efforts in the right direction. General Manager Alexander idea to property, the committee's idea was to retain the Page company's idea, which will be on the east side of the railroad track. From Mead-ville will be shipped the bollers, and the trade in the New England states will be supplied from the local store-house. There will be a half dozen or more men employed here, and the stock on hand here all the time will approximate the time will approximate the time will be supplied from the local store will be supplied from the local store will be a half dozen or more men employed here, and the stock on hand here all the time will approximate a site was considered, as was also his proposition to sell their property in Franklin and Chestnut streets for \$5,000. It was hoped by the committee that a company could be formed to take over the property and erect there on an industrial building. A subscription paper was started with that

tee intended. This was satisfactory to the committee, and the member, with one or two others associated with him, has agreed to take the property. In taking the property, the committee's idea was to retain the Page company's storehouse here, and they finve now accomplished both propositions.

There will be a three story industrial building erected on the old alte, which is 110 feet in Franklin street and 40 in Chestnut street. The three floors will include the basement, and there will be about 13,000 square feet of floor space. Parts of the old walls now standing will be taken down and rebuilt, but the stack will be used as it is. There will be a gravel roof. The work on this will be started as soon as the estimates are received and the contract awarded. committee for its efforts in the right direction. On Wednesday in New York a Norwich man met E. J. Schuler, the owner of the Knickerbocker Hardware company of New Jersey, which it was supposed was going to locate in this city, regarding a tenancy in the new industrial building.

Mr. Schuler stated that he desired to come to Norwich and expected to, but inasmuch as the Bacon Arms building had caved in and no other suitable place had been found for him he had not been able to delay and had decided to take up another offer and go elsewhere. This will be heard with much regret by Norwich people, as it was supposed that the company was due here soon.
